

## **TRICKLE:**

Lyndsey Beckwith, Project Manager

Expressions of interest to join Trickle are welcomed from all areas of our system, and from all disciplines. Whether you work in NHSG or in one our HSCPs, are a junior doctor or one of our domestics, we would love to have you involved.

**The resources linked below should help explain what the Trickle app is and how it works.** If you haven't already seen these, they should only take 5 minutes or so to work through and will likely answer a lot of questions you might have and help make your mind up on whether you're ready for your team to join up and become pilot users.

### **Resources for Users;**

Here are some links for new users to explain more about what Trickle is and why it's of benefit. Copy & paste these into another browser tab to load them.

The <https://trickle.works/trickle-explainer-video/> is the best place to start!

What is Trickle - [https://help.trickle.works/en/articles/4294987-what-is-trickle\\_](https://help.trickle.works/en/articles/4294987-what-is-trickle_)

Make your workday better with Trickle - <https://help.trickle.works/en/articles/5182861-make-your-workday-better-with-trickle>

**Once you have told us who your team are and that you're ready to join, we will email personal invitations to each of your team members** (new users will be on boarded in tranches - we will let you know when to look out for your invites), Note that if anyone in the team does choose to opt out they can simply decline the invitation.

We have a team of Champions ready to hear your ideas and take forward your suggestions, and we look forward to seeing you in Trickle soon!
