Our Ref

State_Sunscreen_PL/1537

Dear Patient,

Provision of sunscreen on prescription

The provision of sunscreen on prescription is allowable only for a limited number of specified medical conditions.

NHS Grampian have asked GP practices to review their prescribing of sunscreen. Where the reason for prescribing is not one of these specified medical conditions, GP Practices are required to stop prescribing of sunscreen.

As a result of this review, sunscreen can no longer be provided to you on prescription.

Thank you for supporting NHS Grampian in making the best use of the public monies we receive to provide healthcare to you, your family and community.

Yours sincerely

David Pflieger
Director of Pharmacy
