

### **NHS Grampian External Consultancy**

Expenditure on external consultancy during 2022/23 was £2,916.69 (2021/22 £24,635.70).

NHS Grampian has used 1 consultancy firm during 2022/23 (2 in 2021/22). These suppliers provided consultancy services in a number of areas including capital projects, construction and building infrastructure development and infection control issues. Consultancy services are used for the provision of specialist expertise which is not available from NHS Grampian's own staff and therefore represent a value for money alternative to the direct employment of specialist staff.
